Basic Job Information

Job Title	Conversion Rate Optimisation (CRO) Manager
Brand/Function	All Brands
Department	Marketing
Job Grade	D/D1
Location	Blakelands
Role Reports to	Digital Transformation Manager
Direct Reports	0
Budget Accountability	No

Job Purpose

- Accountable for managing a programme of activity to constantly optimise the brand website and digital tools, in order to improve conversion and customer experience.
- Lead the CRO Managers within the Digital team, in order to have a direct impact on the customer journey, website performance and end sale metrics.

Key Areas of Responsibility

- Owning the conversion rate metrics across the platform and ensure performance is monitored and KPIs are achieved (including form conversion rates, lead generation etc).
- Be able to execute in-depth analysis into specific products, promotions and landing pages to deliver succinct, meaningful insights and actionable data through reporting.
- Recommend resolution to key site conversion issues as they arise.
- Analyse and interpret daily site usage data and trends through rich and deep data analysis, consumer research (quantitative & qualitative), usability studies to identify optimisation opportunities.
- Work closely the Brand Analytics Manager, reviewing the full sales funnel metrics for Direct and in-direct channels and take actions to improve conversion ratios.
- Feed insight into the Brand and Demand Generation team to build offers to drive performance.
- Tracking and interpret user behaviour to feed into future campaigns and to optimise the website effectively via tools / data sets from ContentSquare, CEP, CMP, CEM & Pysma.
- Own the entire testing process from scoping out requirements, collating technical specification, ensuring correct tagging/tracking, setting up and executing A/B tests, analysing the performance, making recommendations for site developments based on learnings from the A/B tests and other insight tools such as Psyma.
- Working closing with the wider Marketing team, generate testing ideas to support strategic business needs and to ensure the transformation of customer experience within our digital shopfront is continuously improving.
- Implementation of the optimisation roadmap.
- Communicate results to wider stakeholders.

- Understand, communicate and work within the revised legal framework based on the introduction of Retail Agency, Direct Sales & Ecommerce (or any other new Sales Channels).
- Ensure any revised ways of working are captured formally, introduced into the VWGUK/Brand processes and recorded in-line with Audit & Legal guidelines.
- Task ownership and responsibility for operational matters relating to the traditional business model whilst also having an active involvement in business transformation projects and workstreams such as eCommerce and Agency.
- Support and take an active role in the establishment of the new processes, technology, ways of working, rules of engagement and business needs relating to business transformation projects.

Subject to the CRO team size in Brand, one CRO Manager will have responsibility for Direct Sales Channels –

e-commerce and direct sales specific elements for pre-golive.
